5 S Friestatt	17	1915CST			0	0	0		Hail (0.88)
Barry County									
Countywide	17	1920CST 2130CST			0	0	50K		Flash Flood
			Significant street flooding occurred in both Monett and Purdy. Numerous streets turned into rivers. The water was so deep at Eisenhower Street and Highway 60, that large barrels full of metal shavings floated down the major routes. Kelly Creek shot up to within two feet of overrunning its banks at the Marshall Trailer Park. It prompted the Police Department to activate the flood alert and prepare for an evacuation. Three people had to be rescued from their cars in Monett, however no injuries were reported. A department store in Purdy had water damage due to storm runoff. The water level was so high in Cassville that water flowed over the Seventh Street Bridge.						
Lawrence County									
Marionville	17	1935CST			0	0	0		Thunderstorm Wind
			Large tree limbs were blown down around Marionville.						
Ozark County									
Longrun	17	2030CST			0	0	0		Thunderstorm Wind (G57)

Storm Data and Unusual Weather Phenomena

May 2001

Location	Date	Time Local/ Standard	Path Length (Miles)	Path Width (Yards)	Number of Persons Killed	Number of Persons Injured	Estimated Damage Property	Estimated Damage Crops	Character of Storm
----------	------	----------------------------	---------------------------	--------------------------	--------------------------------	---------------------------------	---------------------------------	------------------------------	--------------------

MISSOURI, Southwest

Newton County

Northwest Portion to North Portion	20	2200CST 2300CST			0	0	0		Flash Flood
---	----	--------------------	--	--	---	---	---	--	--------------------

Numerous county and city streets were flooded across Newton County, especially around Neosho and areas between Racine and Diamond where two to three inches of rain fell.

Phelps County Rolla

	20	2200CST			0	0	100K		Thunderstorm Wind
--	----	---------	--	--	---	---	------	--	--------------------------

Straight line winds caused four metal and wood buildings, a GM dealer sign, and a 150 foot long fence near Rolla to be damaged or completely destroyed.

Benton County Edwards

	20 21	2331CST 0030CST			0	0	0		Flash Flood
--	----------	--------------------	--	--	---	---	---	--	--------------------

Two inches of rain fell across portions of central Miller County. The hardest hit area was near Edwards where Highway 7 was closed due to 18 inches of water over the road.

St. Clair County

West Central Portion to East Central Portion	30	1925CST 2100CST			0	0	0		Flash Flood
---	----	--------------------	--	--	---	---	---	--	--------------------

Rainfall totals of two to three inches fell from west of Osceola to near Iconium in east central St. Clair County in less than two hours. Numerous county roads and low water crossings were impassable.

Morgan County South Portion

	30 31	2105CST 0030CST			0	0	0		Flash Flood
--	----------	--------------------	--	--	---	---	---	--	--------------------

Camden County Northwest Portion

	30 31	2130CST 0030CST			0	0	0		Flash Flood
--	----------	--------------------	--	--	---	---	---	--	--------------------

Benton County South Portion

	30 31	2150CST 0000CST			0	0	0		Flash Flood
--	----------	--------------------	--	--	---	---	---	--	--------------------

Two to four inches of rain fell across portions of southern Benton through northwest Camden and into southern Morgan County in less than two hours. Numerous low water crossings and county roads were impassable, especially from Warsaw, east and northeast across Climax Springs, and into the Gravois Mills area.

Howell County 3 SW Moody

	30	2305CST			0	0	0		Thunderstorm Wind (G52)
--	----	---------	--	--	---	---	---	--	--------------------------------

A large tree was blown down over County Road 7130 southwest of Moody.

Oregon County Thayer

	30	2330CST			0	0	0		Thunderstorm Wind (G52)
--	----	---------	--	--	---	---	---	--	--------------------------------

Large tree limbs were blown down around Thayer.

MOZ056-069

Morgan - Camden	31	0030CST 0230CST			0	0	0		Flood
------------------------	----	--------------------	--	--	---	---	---	--	--------------

This is the continuation of the flash flood event across southern Morgan and northwest Camden County. Although no additional rain fell during the early morning, county roads and low water crossings continued to be impassable from runoff of earlier heavy rainfall.
